## PLATINUM MP 3000V.2

### MP3 Advertising on Hold Player

#### Digital Message Player – Platinum MP 3000V.2

The Platinum MP 3000V.2 digital message player incorporates the very latest technology and features requested by users within the on-hold industry internationally. After extensive industry consultation throughout all phases of development, the Platinum MP 3000V.2 is the most functional and user-friendly unit, with the very best sound quality, in the audio market place.

### Testimonial

In my estimation, with 26 years of experience in the industry, I believe the Platinum MP3000V.2 player, with its unique combination of features, makes it 'Cutting Edge Technology' in the field of telephone message delivery.

Ross McGee

Managing Director | Multiplex Communications
